PERSONS ENTITLED TO VOTE AT THE MUNICIPAL ELECTIONS NEXT MONDAY.

The following clause, taken from the Wetaskiwin city charter, gives entitled to vote on Monday next:

"The persons qualified to vote shall the qualification of persons who are be the men and women over twenty-one years of age who are assessed upon the last revised assessment roll of the municipality for income or personal property for $200.00 or upwards, or who are named upon the said assessment roll as either occupants or owners of real property held in their own right for $100.00 or upwards and whose names appear in the voters' list founded upon such roll, and whose taxes for 1907 are paid."

BAZAAR AND JAPANESE TEA

The Willing Workers of the Presbyterian church here are holding a bazaar and Japanese tea at Mr. E. Girling's ice cream parlor on Thursday next, the 12th inst. The funds to be derived from the event are to be applied towards payment of the debt against the manse and we predict a large attendance. In addition to the Japanese tea, which in itself will doubtless be a novel feature to many of our citizens, an "Old Timers' Booth" will also we have no doubt, prove a big attraction as every person who has in any way been connected with the church in the past years will be asked to donate something, and as the ladies modestly say, anything from a paper of pins to a piano will be gratefully accepted.

ALBERTA ENJOYS FALL WEATHER

How is this for Alberta weather? Yesterday was an ideal fall day, and looked more like the return of summer than the approach of winter. In the east, particularly along the Atlantic coast, storms of great severity have caused much damage and materially interfered with business. Rain, snow and sleet are interchangeable. In Central Canada they have had storms and disagreeable weather! Parliament opened the other day amidst a blinding snowstorm. In the First West there has been more or less snow, but in Alberta—the Last West—conditions have been most delightful, and this is especially true of the Wetaskiwin district. There has been a little snow in some sections of the province but nothing worth speaking about. On the coast there has been some poor weather and one or two bad storms. Alberta has not known anything in the way of storm for several months. There has been no rain since the latter part of September and the only fall of snow was about the same time.

Last year winter set in in deadly earnest the first of November. There was lots of snow and the thermometer ranged 30 and 40 below, these conditions lasting well into spring.

Old settlers predict an open winter and those conversant with the habits of fur-bearing animals bear out these prognostications.

D. MacEACHERN WITHDRAWS

To The Electors of Wetaskiwin:

Ladies and Gentlemen,—After due consideration and on account of my own business interests which will require all my time during the coming year, I have decided to retire from the field for Mayor in the coming election. In doing so I wish to thank my supporters and friends in the past and present for the kind and courteous manner in which I have been treated. Also all members of the present council board.

Yours respectfully,
D. MacEACHERN.

MUNICIPAL ELECTION

To The Electors

The Municipality City Wetaskiwin

Ladies and Gentlemen,—Having offered myself for re-election, as school trustee, for another term, I humbly solicit your vote and influence and if elected will carry out the interests of the board to the best of my ability.

H. C. R. Walker

CITY NEWS

Ralph Davis of Sedgewick has accepted a situation with F. L. Talbot as photographer during the holiday season.

F. L. Talbot has just installed his Aristo Lamp, one of the latest devices in the photographic business. It enables Mr. Talbot to take pictures after dark as well as in the brightest sunlight.

A lodge of the Ancient Free and Accepted Masons is being instituted at Camrose this Thursday evening by W. Bro. Dickson, D. D. G. M. A number of the Wetaskiwin brethren will be present.

A large number of the members of the L. O. L. went to Leduc last Friday evening to take part in the ceremonies of instituting a lodge at that point.

W. Forbes was at Red Deer last Friday attending a meeting of delegates to organize the Alberta Hockey League.

Chas. H. Olin and family left on Wednesday evening for his old home in Sweden where they will spend the winter. It is about thirty years since Charley left the Old Land, and he anticipates many a happy re-union.

*Another shipment of Teddy Bears just received today at Stephenson's.

Supreme Court will be held here commencing on Tuesday of next week, the 10th inst. We understand the docket is a large one.

The Wetaskiwin Assembly Club held a most enjoyable dance on Friday evening of last week.

George Ambler of Mannville has been visiting his parents in th ecity.

N. D. Jackson of the Criterion Hotel went to Calgary on Tuesday's train on business.

Miss Florence Urquhart of Edmonton is spending a few days in the city a guest at the home of Mr. and Mrs. C. C. Bailey.

Mrs. O. E. Tomlin returned last week to her home in Summerland, B. C., after renewing acquaintances in the city. Mrs. Tomlin, Sr., accompanied her and will spend the winter in the western province.

A new stairway has been put in at the city hall which will be more comfortable and convenient for the public.

Geo. Bayliss has been indisposed during the past week, but his friends are pleased to learn that he is now convalescing.

J. F. Fowler made a business trip to the capital this week, returning on Wednesday evening.

School Insoector Ross completed a lengthy visit to the Alexandra school last Friday, having spent a full week in the school. The two new rooms necessitate a day's longer stay.

The many friends of Mrs. Huckell and Mrs. R. C. Wyld, who have been indisposed, are pleased to learn that they are now on a fair way to recovery.

Mr. Johnson, a resident near the city, received a bad fall last week, fracturing his collar bone. He was brought to the city and the fractured bone is knitting together nicely.

E. J. Manche of the Sieblly & Elumer Publishing Company, Seattle, arrived in town last week to spend a few days with his old friend, John Bleiler.

Dominion Parliament opened on Wednesday, the 27th ult. It is expected that the preliminary business will be concluded before Christmas.

The Wetaskiwin municipal weigh scales have at last been installed and are now in first-class working order. The first load was weighed on Tuesday.

Joe Martin of Blackfalds was shaking hands with his friends here last week.

The third municipal well is now being sunk and when completed in a few days Wetaskiwin will have sufficentficent water supply to last in all probability for several years. Mr. Harvey is leaving his drilling outfit here during the winter and when he returns in the spring will be in a position to continue the drilling for gas if the citizens so instruct.

Rev. Mrs. T. O. Wold will give an address in English next Sunday afternoon at 2.30 o'clock in the Scandinavian Baptist church. The young people especially should take advantage of attending this service as it will likely be her last address in this city before she leaves with her husband for the coast.

MARRIED

RATTRAY—POWERS—At the manse, Wetaskiwin, on the 2nd inst., by Rev. J. E. Hogg, Jas. T. Rattray of Killam, to Miss Powers of Aylmer W., Ontario.

"THE BONNIE BRIER BUSH."

Mr. C. P. Walker, owner and manager of Winnipeg's new $300.000theatre the walker, has just completed arrangements for a tour across Western Canada of "The Bonnie Briar Bush", one the greatest plays in the history of the drama.

The tour will begin at Ft. William, December 4th and will close at Nelson, B. C., about January 10th. After one night in Kenora, a week will be devoted to Winnipeg, where this famous drama has previously been givenfor four long engagements. Wetaskiwin will be among the eighteen cities at which a one night engagement will be played.

The company which will present "The Bonnie Briar Bush" on this tour numbers thirty people, and is composed of players of prominence, among whom are J. Palmer Collins, Walter Scott Weeks, Ward E. Rensclier, Robert Ireland, late pipe major of the 48th Highlanders of Toronto, Kenneth McKenzie, Marion McDonald Ann Caird, Adolaide Matthews, Wm. J. Casey, the Bennett children and many others of note. The entire New York scenic production and electrical equipment is carried, a special large baggage car being required for the transportation.

A decided feature will be the engagement for this tour of the Australian nightingale, Miss Maggie McCann, the sweetest singer of Scottish songs that ever visited Canada.

"The Bonnie Brier Bush," the play of all plays dear to the hearts of the Canadian people, is a dramatization by James McArthur of the late Ian Maclaren's story of the same name, and it depicts life in the land whose lochs and heather hills inspired the great song poet, Robert Burns. To those who follow the stage closely the play stands out like a lighthouse in the sea of uninteresting stage stories. It is distinctly a play of heart interest, while the comedy is abundant, wholesome and natural.

The enterprise of Manager Walker in securing "The Bonnie Brier Bush" for a Western Canada tour will be appreciated by all lovers of the best drama.

THE PROSPECTOR

I played the game with a steadfast hand,
With the rocks and the hills for dice
While the flame of the sun in a northern land
Burned the gathered morn on the ice.

I played the game with a clean,strong mind,
With the law of man for guide;
When the knaves of the world were smitten blind
By the glare of the gain, and died.

I played the game with a sturdy heart,
With the beasts of the bush for mates,
Till the flesh bled raw, and the lights went low,
And my hopes met the chill, hard fates.

I played the game with a losing hand
By the stakes I sought to claim;
And the darkness has dropped on my square of land,
But I know that I played the Game
— Walter Cornish in The Canadian Magazine.

Judge J. Camille Noel, who goes to Wetaskiwin, it is understood, owes his appointment to the personal friendship of the Premier of the Dominion with whom in the province of Quebec he was closely associated. He has been the least active in connection with Albertan affairs of any of the five new judges, and is consequently known to comparatively few. He possesses, however, an excellent reputation as a practitioner and his friends have every confidence that he will fill the responsible position to which he has been called with complete satisfaction.—News.

*To check a cold quickly get from your druggist some little Candy Cold Tablets called Preventics. Druggists everywhere are now dispensing Preentics, for they are not only safe, but decidedly effective and prompt. Preventics contain no quinine, no laxitive nothing harsh nor sickening. Sold by all First-class Shoe Dealers.

BERLIN FELT BOOT CO. LIMITED BERLIN, ONT.

CITY NEWS

An error appeared in Fowler & Breen's advt. last week in which a ladies' fur lined coat was advertised for 75c. This should have read $62.75 and would have been a good bargain at that price. Also men's horsehide gauntlets should have been advertised for $1.00 instead of .00

Messrs. Daniel Welfley of San Francisco and Levi Welfley of Hanover, Ont., arrived last week to spend a few days the guests of their sister, Mrs. Ben. Hillgartner. The former went through the disastrous San Francisco earthquake a few months ago and relates a very vivid account of the hardships and devastations that were experienced.

A very enjoyable evening was spent on Thursday, Nov. 28th, when Mr. and Mrs. J. Grein of Andras street, dispensed hospitality to their numerous friends of Wetaskiwin and surrounding country. The earlier portion of the evening was devoted to progressive euchre. The winner of the first prize was Miss J. Croagh of Leduc, the second prize fell to Mr. A. Weiler, while the booby prize was awarded to Mrs. Schmidt of Wetaskiwin. About 11 o'clock a delicious lunch was served by the hostess and the guests devoted the rest of the evening to music and dancing. A special treat of the evening was the singing of the Messrs. Weiler, Schmidt and Gainer. Among those from a distance were Mr. Gainer of Strathcona and Miss Croagh, postmistress of Leduc, Messrs. H. and A. Sheiler from Strome and Miss Lannan, late of P. E. Island.

Commissioner Coombs, the head of the Salvation Army in Canada, was in the city last week and while here interviewed members of the provincial government in regard to the Army's immigration plans. The Cabinet ministers realize the splendid work of the Army in this respect and it is not unlikely they will offer to assist all the people they may send to this province—not financial assistance but assistance toward securing employment. The government would be warranted in encouraging the class of immigrants sent out under the army auspices as they include men and women who would at the start be able to act as farm hands and domestics and everybody realizes the need of such classes of labor in this province. The Commissioner said : "We are not bringing men or women of the criminal class. This you will understand when I tell you that out of the 40,000 already brought to Canada not more than five have given us any trouble, and we keep watch on all of them." Next year the army fully expects to bring to Canada 25,000 people. Ten boats have been chartered. The first load of passengers, totalling some thousand persons, will go to British Columbia.

TENNIS

Some very lively tennis was played on the 2nd inst. The courts were in ed at the Knox Athletic Club courts excellent shape and the attendance fairly good. The most interesting single event of the day was between Jas. Breckenridge and J. W. McKinley. The score was 6-4, 6-4 in favor of McKinley. In doubles John Torrance and Jas. Breckenridge played Dr. Dixon and J. W. McKinley a very exciting game, the score being 16-16 when the game was called off on account of darkness. All who have not yet played off their sets are requested to do so at their earliest convenience, so that the affairs of the club can be wound up for this season.

The entire work of the crown in the prosecution against the Lumberman's Association is in the hands of the Deputy Attorney General of the province and all he gets for his services is his salary. In cases of this kind in other provinces counsel not connected with the department are engaged and consequently big bills of costs are run up. Mr. Cross believes in utilizing the services of the salaried officials of the department and the vigorous and able way in which his deputy, Mt. Woods, is handling the case shows that the province is getting the very best of service—fully as good if not better than it would have if it engaged counsel as is the custom in other provinces.

Ponoka council has prohibited charivari parties inside the town boundaries.

Vegreville, Nov. 19—Robert Bolton, near Calvin, while insane, shot and killed himself yesterday, after first killing two pigs and a dog. The body of the dead man is still lying where suicide took place. Bolton had been drinking heavily and became demented. He came west from Ontario four years ago.

CATTLE ESTRAY—Empounded in Wetaskiwin pound one red cow, 3 years old with calf at side, one black calf about six months old with ears cut off. No brands visible. Owner is requested to prove property, pay expenses and take animals away.—D. F. Schantz, Poundkeeper. 37-2t

HORSE ESTRAY—Strayed onto E. ½ 26-46-25, 6 miles west of Wetaskiwin, in the early part of the summer, one bay gelding about years old, weighing between nine and ten hundred pounds, branded S on left shoulder. Owner will please prove property, pay expenses and take animal away.—Wm. Dambrowsky, Wetaskiwin. 37-3tn

CANDIDATES IN NOMINATION

The following is a list of the candidates placed in nomination on Monday last in our neighboring towns:

—Edmonton—

Edmonton, Dec. 2—The following nominations were made today: For mayor, John A. McDougall and Joseph H. Picard; for aldermen, John Galbraith, D. R. Fraser, W. W. Clegg, Robt. Lee, Thomas Bellamy, H. L. McInnis, C. Gallagher, G. S. Armstrong, J. C. Calhoun, J. J. Lane, W. S. Weeks, Robert Monson, Cole B. Edwards and H. D. Johnson; separate school trustees, P. E. Lessard & Janice McAllister; public school trustees, W. D. McPhail, Alex. Dutchard, A. T. May, J. V. E. Carpenter, W. Alex. Taylor, John Macdonald, H. D. Johnson.

—Duysland—

The nomination of municipal officers passed off quietly last Monday, all the offices being filled by acclamation. E. W. Day was the unanimous choice for mayor, no other name being mentioned. Those selected for councillors are Messrs. D. Davidson, W. A. Cottingham and J. R. White, who with Messrs. H. Bentley, A. C. McLeod and J. S. Orr, who retain their seats for the ensuing year, will make a strong board. The school trustees elected are Messrs. J.H. Burrows, B. Davidson and A. C. McLeod. The other members of the board are Messrs. H. Bentley and F. M. Pauls.

—Leduc—

Leduc, Dec. 3rd—Mayor Gaetz re-elected by acclamation. For councillors.—Alton, Norris, Mundy, Martin.

—Camrose—

Wetaskiwin, Dec. 3—Capt. Thomas and A. Cods were nominated for mayor of Camrose and Messrs. Parley, Rushton, Mateska Darling, Burgar for councillors.

—Stettler—

Stettler, Dec. 3—Nominations here were as follows: For mayor J. N. Tice and A. W. McBrine by acclamation; for council, Messrs. Shorrel Dunlop, Saltwerdiager, Bentley, Clarke and Steward.

WHEAT PRICES IMPROVE

Winnipeg, Nov. 26—The improvement in the conditions surrounding the wheat markets, which was discernable a week ago, has become more apparent this week, and should there be no setbacks in the shape of financial troubles it may be expected that gradual returns to normal conditions will soon take place in the grain trade. During the last three days there has been a decided improvement in the U. S. wheat markets with an advance of from 2½c to 4c in prices, but during the first three days of the week under review there was a gradual decline of about 2c to 3c, so that at the close of today's markets the difference in prices from a week ago only shows an advance of 1c to 1c. The decline in the forepart of the week seemed to be caused principally by December liquidation in the speculative markets, along with a feeling of apprehension regarding financial conditions, because, although the markets declined, it was in the face of daily bullish information regarding the actual wheat situation. Probably by Saturday December wheat was pretty well liquidated, and the weekly bank statement issued on that day showed improvement, so that the stock market also improved, and these all influenced wheat to become stronger. Yesterday, although the stock market was rather inclined to moderate weakness, it had not the same influence on the wheat markets it has had for some time back. There is without a doubt a general easing up of the money situation all over America and then the weekly statistics issued yesterday were of a very bullish character, and although there was still a good deal of nervousness shown, a fair advance in prices was recorded without any excitement about it. Today the tone was stronger and a good advance was made.—Commercial.

KILLAM

On Wednesday evening of last week a very pleasant event took place in Nichol's Hall (Killam) when a farewell reception to Rev. and Mrs. Wm. Millar, A goodly number gathered and after having partaken of refreshments various games, followed by a number of items of vocal and instrumental music and addresses by Rev. J. G. Shortt of Daysland and Rev. Dr. Knight of Killam. Mr. Yorke on behalf of the Killam people, presented Mr. Millar with a well filled purse. Mr. Millar responded suitably, expressing appreciation on behalf of Mrs. Millar and himself, giving some reminiscences of Killam pioneer days. The ladies served refreshments and the meeting broke up with many expressions of good will to Mr. and Mrs. Millar, and best wishes for their future happiness and prosperity.

DAYSLAND

(From The Press).

The rate of taxation is 16 mills.

Mrs. J. S. Orr returned from Wetaskiwin on Saturday evening.

Rev. Thos. Phillips of Camrose is assisting Rev. T. W. Bateman at Sedgewick with special services this week.

Mr. and Mrs. A. H. Barnard have started housekeeping in the residence on Gooderham street lately vacated by Rev. A. T. Flynn.

Two sample potatoes were brought to our office on Friday from the south-west quarter of section 16-45-14, owned and tilled by Cyrus Paxton. They mensured six and a quarter and seven inches in length, were well shaped and uniform in size, and the two weighed two and three-quarter pounds.

J. E. Vanderburgh now has his coal mine in operation and is ready to supply everybody with coal. Seven men are now employed and about as many more will be secured if possible. The coal mined is of good quality and said to be fully equal to anything mined in Alberta.

Charles Sinderlin, a homesteader ten miles northeast of this place, has been committed for trial on the charge of attempted murder. As far as we can gather, he became intoxicated last Friday, and after reaching home became quarrelsome. He turned his wife outdoors very scantily clad and his brother, who has an adjoining claim, went to her relief, placing a fur coat around her and taking her to his own shack. Charles then procured a gun and, going to his brother's shack, began shooting through the door, endangering the lives of those within, although, fortunately, no one was injured.

350 chickens were killed and dressed for shipping at the government poultry station at Ponoka last week.

There are 4000 men at present employed in construction work on the western division of the G.T.P.

Hon. W. S. Fielding states that arrangements have been made to help banks with funds in case of a shortage.

The Japanese government will absolutely forbid emigration to Canada if it is found that it will endanger the public peace.

A despatch from Edmonton this week said: "Northern Alberta lumber men are getting into the woods in real earnest. Saturday morning 35 men with supplies and horses started for Hardisty from Edmonton, and hope to take out about 2,500,000 feet this winter."

Premier Rutherford has been chosen a vice-president of the National Tax Association, which body recently met at Columbus, Ohio. He is the only Canadian representative honored in this way.

Mrs. Frank Sommerville is visiting Mrs. Miller in Wetaskiwin, going down on Wednesday.—Edmonton News.

Synopsis of Coal Mining Regulations

COAL mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the Northwest Territories and British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made to the Agent or sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections and in unsurveyed territory the tract applied for shall be staked out.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

Every lessee of coal mining rights which are not being operated shall furnish the district agent of Dominion Lands with a sworn statement at that effect at least once in each year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the secretary of the Department of the Interior, Ottawa, or to any agent or sub-agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

ANGUS RIDGE

The program for the Angus Ridge chicken social is being prepared with a great deal of care on the part of the people of the district with the result that many very excellent numbers have already been procured. The program promises to be good.

With regards to the nature of the social perhaps a word of explanation would be in place as it may be rather novel to some of us. In place of the usual contents of a basket each lady is asked simply to roast a small chicken large enough for two people who enjoy roast fowl. This with some plain bread and butter, and perhaps some pickles, would fill a basket that would tempt an individual to eat even if he were not hungry, to say nothing of the fellow who is. The baskets will be auctioned by one of our popular auctioneers Tea and coffee will be served. Remember the date Friday evening, December 20th.

A FABLE

Once upon a time there was a youth, who thought he was it little the Best and Biggest Thing that ever was. He had grown rapidly, and though he was yet Green about many things he was sure that no one was as Wise and Powerful as he. He liked to gaze at Himself in a mirror, which distorted the size and shape of Things, and the more he looked the more Amazed was he at Himself, and he used to tell Himself that everybody in the World spent most of the time contemplating what a wonderful fellow he had become. He had a habit of taking bits of Paper and writing words and figures on them and saying that they were Money, and he used to go to sleep thinking How Rich I Am. When his creditors wanted him to pay their Bills he used to give them these Bits of Paper, and the Creditors, who also saw how big he looked in the mirror, used to take them. Sometimes he would give them other Bits of Paper on which was written a athletic letters I. O. U. and the creditors would take them and say: What a Wonderful thing it is to be rich. But there was a great coarse man, and he demanded real money! And that the mirror was a fake and was only made out of newspaper talk, the youth said: I have no real money but I will make some bits of paper which I will call clearing house certificates, which are not exactly money, but are just as good, if you only think so. But the great coarse man was cruel and insisted that he should have real money. Then the youth sent to his grandmother, who lived on the other side of the pond, and asked her if she would let him have some real money, and his grandmother said that she would. He he would promise to be good. And the youth promised and his grandmother sent him a whole lot of real money.

Moral: New York may think it is the financial centre of the universe, but what it comes down to business the old lady of Threadneedle street holds the trump card.

G. T. P. CROSSING OF BATTLE RIVER

The Battle River crossing of the Grand Trunk Pacific is one of the great feats of railroad construction, not so much because of engineering problems, but because of the immense amount of work and costly materials required to maintain the grade, which, as is well known, must not exceed four-tenths of one per cent. The bridge proper is 2770 feet long and the steel trestle approaches are 2600 feet long. The concrete abutments of the bridge will be 30 feet high and the steel to the rail level 150 feet. The west end approaches up Gratton cooley is five miles to the level of the country. In all the bridge and its approaches cover eight miles and involve the removal of 800,000 yards of earth. For a distance of 45 miles the line east of Tofield is absolutely straight and almost perfectly level.

LEWISVILLE

A most pleasant surprise was tendered Mr. and Mrs. Ringwall at their home last Tuesday evening Nov. 26, the occasion being the 25th anniversary of their wedding.

They received numerous gifts of silverware, the presentation speech being made by M. L. Peterson, to which Mr. Ringwall suitably replied.

After refreshments were served the evening was spent in games, music and singing.

About forty were present, including Mr. and Mrs. H. McAmber of Spokane, Wash., who arrived unexpectedly during the evening.

Mrs. McAmber is Mr. and Mrs. Ringwall's eldest daughter. All members of the family were present except Miss Olive, who attends Normal at Calgary. The happy gathering departed late in the evening, each one feeling that a most pleasant time had been spent.

We wish Mr. and Mrs. Ringwall many happy years yet to come, with all possibilities of celebrating their golden wedding.

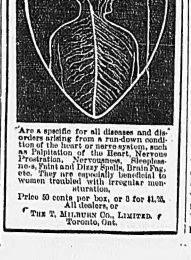

Committee of arrangements were Mr. and Mrs. G. W. Bradenburg, Miss Julia Ringwall and Mr. Tony Jenson.

"Now," said the vicar, "can anyone tell me what a lie is?"

Immediately a small hand shot up. "Well my little man?"

"Please sir, a lie is an abomination unto everyone, but a very pleasant help in time of trouble."—Lutheran.

MILLET

The new C.P.R. station is nearing completion and will be a fine building.

The Pigeon Lake Saw Mills Co. is opening up a large general store. This makes four good general stores in town.

There is also a large hardware and harness store. There is a fine opening for a doctor with a drug store in connection with his office. We have no doctor here at present but are hoping to be favored with a resident M. D. soon, as it is a great inconvenience to have to send to Wetaskiwin or Leduc for one. There is also a large country practice as well as in town.

Another great necessity in Millet is a newspaper, as there is a splendid opening for a branch. It could command a large amount of advertising.

The Pigeon Lake Saw Mills Co.'s and seem to give new life to the planing mills have again started up town. This company has a large force of teams on the road hauling lumber from Pigeon Lake. Their total summer's cut, some 5,000,000 feet of lumber, has to be hauled to Millet and finished in their factory here during the winter and will be on the market next spring. The hauling of that quantity of lumber and the planing involves about $6.00 per thousand feet. A handsome sum of money to be distributed in our town and surrounding district.

The new Methodist Church parsonage is nearing completion and will be a fine comfortable dwelling. We hope that our intellegent young pastor will not be obliged to occupy it alone.

Mr. N. Peterson is erecting a nice little dwelling in town. Looks as if something was going to happen. Never mind, Nelse, no one has a better right to.

Mr. R. J. Ferguson has just completed a handsome barn on his residential property. Mr. Carl Mack our practical painter, is just putting on the finishing coat of paint.

Our citizens are extremely glad to see Mr. Ferguson discard his crutches after his long confinement with a broken leg.

Mr. Jas. Mullen is taking charge of the Saw Mill Co.'s store.

Mr. R. C. Sheppard has moved his family in town and has taken a position as bookeeper for the Saw Mill Co.

The town is in need of a good barber. We have had two barber shops here, but for some reason, both seem to be out of business and a new barber shop would be welcomed to our town.

Mr. John West, manager of the Millet Mercantile Co., was in Wetaskiwin on business Wednesday.

Our town council should make an urgent appeal to the R. N. W. M. P. authorities for a policeman to be stationed at Millet, as occasionally there is a miserable transgressor of our laws to be dealt with. The presence of a policeman in town would have a good effect in keeping would-be violaters in their proper places.

BATTLE RIVER

A basket social and entertainment will be held in Battle River school house on Friday evening, December 13th, when an extensive program of speeches, recitations, dialogues and vocal and instrumental music will be rendered. No effort has been spared to make this the event of the season and a bumper time may be expected. Boys you should be ashamed if you allow the girls to miss this treat. Come one, come all.

PREVENTION OF FIRES

On the approach of winter, when most important fires occur, and in which season furnaces must be heated, the citizens in general should take means to protect themselves against fire, which in most cases is due to their own neglect. In the cellars of many of the business buildings one finds an accumulation of rubbish of all kinds, which generally surrounds the furnaces, or hot ashes which, instead of being deposited in metallic bins, as required by the municipal bylaw, are thrown on the ground near the rubbish by an employee in a hurry to start for home. This is often the cause of disastrous fires, little importance is given to this question of the accumulation of rubbish.

Merchants must exercise better attention during the holiday season, (Christmas and New Year) being especially careful not to place inflammable goods too near lights.

HOW DO YOU KNOW THAT YOU HAVE NOT KIDNEY DISEASE?

EVERY YEAR THOUSANDS DIE OF NEGLECTED KIDNEYS.

Put Yourself to the Test.

If there are dull aches in the back, or sharp shooting pains through the hips—you have Kidney Disease.

If you are uneasy at night, and sleep is broken and fitful—you have Kidney Disease.

If the stomach is upset, tongue coated with white fur, and no appetite—you have Kidney Disease.

If there are headaches, that eyeglasses and "headache powders" fail to relieve—you have Kidney Disease.

If the hands, feet or ankles are puffy or swollen—you certainly have Kidney Disease.

Know yourself. If you have any of these signs of serious kidney trouble, cure yourself. Take "Fruit-a-tives." These tablets—a wonderful combination of fruit juices and antiseptics—instantly relieve congestion of the kidneys, take away the strain of overwork, regulate the bowels, strengthen the liver, tone up stomach and digestion, and put the whole system in its strongest, best condition.

Get "Fruit-a-tives"—take them regularly — and cure yourself of every trace of Kidney Disease.

Your druggist will supply you—or sent postpaid on receipt of price—50c a box; 6 for $2.50.

Fruit-a-tives Limited. - Ottawa, Ont.

WILL YOUR GRAIN GROW

This is a question of great importance in Western Canada this year. There are many farmers who will be tempted to use frozen grain for seed. This is done with a view of economy but there is a danger of it being a very false economy. If through using of dead seed next years crop is a that will grow is to test it, or have failure the loss will be many times greater than the cost of good seed. The only way to insure having seed tested for germination.

For the convenience of the farmers of the west, the Seed Branch of the Dominion Department of Agriculture established at Calgary last year a Seed Laboratory for the testing of seed grain. This work is being continued again this year, and any samples sent in by the farmers will be tested free of charge.

Purity tests are also made when desired. The purity test is not for the purity of the variety, as some have misunderstood it, but from the purity from weed seeds and foreign matter. Samples should be marked "Purity" or "Germination" according to which test is wanted.

For a germination test about one thousand average grains is the size of the sample required. For purity tests about ½ lb of the cereals or an ounce of clover or grass seed is required.

Postage is required on samples sent to Calgary. The sender should be sure that his name and address is put on the package. Address samples "Seed Laboratory, Dominion Department of Agriculture, Calgary."

The postoffice department in a statement to the press directs attention to the fact that the public should understand that, whereas since Christmas, 1898, they have been able to send letters to Great Britian and all other parts of the British Empire for two cents per half ounce, they can now send a letter weighing up to one ounce for two cents.

He's a very prominent member of our yacht club.

Indeed! What is his official capacity?

Four gallons.—Life.

Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony grating ends to flesh again. That is impossible, but I can now surely kill the pains and purge the body of rheumatic disease.

In Germany—with a Chemist in the City of Dresden—I found the best ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfect, dependable prescription. Without that ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I unfailingly cure all curable cases of this heretofore much dreaded disease. These seed-like granular wafers, found in Rheumatic Blood seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual agents to suffer longer with such help. We will, and in confidence recommend

A PASTORAL

It was a beautiful night. The gentle zephyrs of the evening played musically amid the silky leaves of the turnip trees and the onion bushes and wafted from across the distant fields the delicate fragrance of the growing cabbages and the far-off odor of the bean trees.

"Betsy," he cooed, as they sat on the rickety wooden fence surrounding Mrs. Filligan's pigsty. "'Ow bee-autiful is luv! Jes' think ov it, Betsy. When wears married we'll have a pig all on our own, all to our selves."

"Willyum" she whispered, resentfully, "why shouldi we want ter buy a pig. I shant want ter buy a pig when I've got yew!"

Then all was silent once more, except that the gentle zephyrs still played amid the fronds and cabbages bushes and the silver-throated frog still sang from the roof.—Reynolds' Newspaper.

A CLERGYMAN'S FALL

In a small church in one of the mining towns of Pennsylvania,says the Philadelphia Ledger, was a pulpit both antique and unique. It was about the size and shape of a flour barrel, was elevated from the floor about four feet and was fastened to the wall. The ascent was by narrow, winding steps.

A minister from a neighboring town, a man of great vigor and vehemence, preached there one Sunday. While preaching he bent forward and shouted out with great force the words of his text:

"The righteous shall stand but the wicked shall fall."

Just as these words escaped from his lips, the pulpit broke from its fastening, and he fell out and rolled over on the floor before his congregation. In an instant he was on his feet again and said:

"Brethren, I am not hurt, and I don't mind the fall much, but I do hate the connection."

The sewer contractor for the Red Deer System was up before the magistrates here last week on a charge of non-payment of wages brought by men employed by him. He admitted he owed the wages, but was unable to pay the men because the town of Red Deer had not at present the money to pay him.—Exchange.

When your neighbor borrows the paper from you this week, call his attention to the attractive clubbing offers announced in this number.

MAIL CONTRACT—Sealed Tenders addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 20th December, 1907, for the conveyance of His Majesty's Mails, on a proposed contract for four years, twice per week each way, between Bonnie Glen and Millet, to commence at the pleasure of the containing further information as to conditions of proposed contract may Postmaster General. Printed notices be seen and blank forms of Tender may be obtained at the postoffices of Bonnie Glen, Patience and Millet, and at the office of the Post Office Inspector.

LUMBER DEALERS CONVICTED

The lumber case has come to an earlier conclusion than was anticipated, resulting in the conviction of the defendant, Mr. Clark, and the imposing of a fine of $500. It was on the eighth count of the indictment by which the defendant was charged with conspiring with the dealers to "unduly prevent or lessen competition in the production, manufacture, purchase, barter, sale, transportation or supply of an article which may be an article of trade and commerce, to wit lumber," that Chief Justice Sifton held that a case had been made out. That they had conspired to control the lumber trade of the province, the Edmonton and Bereth contracts, he believed, showed very conclusively.

Hence the verdict.

The case is one of the most notable that has arisen in Canadian legal history and for the thoroughness with which the Attorney-General's department has handled it, it will be deserving of all the additional prestige which is sure to come to it from the successful result. When the prosecution was begun, there were those who said that Hon. Mr. Cross was not in earnest. It had gone but a short distance, when those who held to th is idea had their minds disabused. All the evidence bearing upon the alleged offences, was brought out without regard to the standing or connections of those whom it affected. Mr. S. B. Woods, the deputy-attorney general, who conducted the case unaided except by the officials of the department, had pitted against him in Mr. R. B. Bennett as keen a counsel as is to be found in Western Canada, and to him personally warm congratulations are due.

The outcome is bound to have an evident effect in relieving the province of many of the hardships that it has suffered from through the conditions that were revealed by the testimony. But apart from this, it was a case of the attorney-general's department pursuing its plain duty of enforcing the law. There may be differences of opinion as to the wisdom of the anti-combine legislation enacted at Ottawa, but there can be none in regard to the obligation of the provincial authorities to prosecute those whom there was reason to believe were acting in violation of this enactment. In the two years of its existence, the Alberta government has accomplished a very great deal to warrant the continued confidence of the people. But in this instance, it has done more than in connection with any other feature of its policy to cause the people of the province to feel that their interests are safe in its hands.—Edmonton News.

PAT BURNS' ADVICE

Mr. P. Burns of Calgary, in the Calgary Herald of 22nd inst., has the following letter regarding the cattle situation in Alberta at the present time which will be read with interest by farmers and ranchers throughout the length and breadth of the province. He says:

Sir,—I notice a short article in the Albertan of Nov. 21 referring to the difficulty the ranchers had in selling their cattle. On this subject, I think a few words of explanation would not be inappropriate.

There were two statements made; First, that there were 50,000 head of cattle ready for the market but no buyers, consequently they would have to be turned out on the ranges; second, that the ranchers believe this state of things was caused by the desire of the buyers to get back at them for giving evidence on the beef commission.

With regard to the first statement, I doubt whether there are 10,000 head of beef cattle available in the whole of America at the present moment, and there is no necessity for them to be turned loose again as they can feed till spring when a considerable advance in price may be looked for.

Secondly, I do not think any buyer in the country ever thought of the beef commission or harbored any feeling of revenge against anyone because of it. The chief reason fewer cattle than usual have been bought this season is because of the small percentage of the cattle offered that were fit for export and usually the buyers look to the European market to use the surplus cattle, but this year, owing to the extremely hard winter and cold inclement weather, not more than 15 per cent. of the cattle are fit for export as against 60 to 65 per cent. in other years. Then, too, the home demand has been suddenly curtailed, many lumber mills, mines, smelters other works hoping been shut down on account of the stringency of the money market.

The great trouble to be contended with is that everybody wants to get rid of their cattle at the same time. While the buyers, have in former years, on account of so many cattle, being fit for market, always been able to handle them as fast as they were offered during the fall of the year, yet this season conditions are entirely changed as, owing to the small percentage that are in condition to export, it throws more cattle for local consumption than the market demands. If the farmers and ranchers would have patience and hold and feed their cattle, in less than two months from today, when the present farry or gut will be over, they would find conditions entirely changed. It will then be a case of the buyer running after the farmers and ranchers instead of the farmers and ranchers running after the buyers as they are today. Buyers will be here from Winnipeg and from the coast for supplies for their local trade and, if the farmers and ranchers will hold their cattle in condition, they will find a ready market for them and at good prices. They have only to look at the prices paid a year ago, when cattle were bought for from 2½c to 3c per lb. and during the spring months from 4½c to 4¾c per lb. was paid. This means that they got for feeding their cattle anywhere from $15 to $25 per head, which, as anyone who has done any feeding knows, nets them a handsome profit over the actual cost of feeding their cattle.

For several years past, we have been doing everything possible to encourage the farmers and ranchers to feed their cattle which are not fit for export in the fall, for the spring market and I think the result of our efforts in this respect is known and appreciated by those who have fed their cattle for this market and have thus got the high prices which always then prevail. So confident am I that beef cattle will commanand high prices next spring, that had I the money, I would buy all the beef cattle for sale in Alberta today and feed them for the spring trade.

It is therefore needless for me to say that my advice to the farmers and ranchers, who can possibly do it, is to feed their cattle for a spring market, instead of trying to crowd them off now under present conditions.

Thanking you for taking up so much of your valuable space, I am

Yours truly, P. Burns.

Alberta will derive a revenue of at least $60,000 from the tax on the C. P. R. branch lines this year. This is a new source of revenue and was provided for in a bill passed at the last session of the legislature.

SOFT BOILED SHIRTS

She was a dear old lady, but she lived at Hardscrabble, and was a bit behind the times. She had been reading the advertisements in a city newspaper chance had brought her "Father," she asked her husband, way.

"what is these here negligee shirts they talk about(?" the occasion.

Father, being a man was equal to "Don't know what they be ?" he grimaed. "Well, you are a back-number. Negligee shirts ain't quite so stiff and choky as a b'iled shirt—I mean a reg'lar hard-b'iled shirt. A negligee shirt is something you might call a soft-b'iled shirt."—Woman's Home Companion.

OCTOBER BANK STATEMENT

Ottawa, Nov. 25—There were many enquiries for the October bank statement, which made its appearance today, and doubtless it will be scrutinized by the business community with more than usual interest. Not only is October the last month of the year, but it affords a basis of estimating the extent to which the banks have contributed financial facilities for the movement of the crops. In the latter connection, however, it is to be borne in mind in making comparisons, with October of 1906, that the harvest and consequently the crop movement, is considerably later this year than last.

As compared with October, 1906, the circulation of bank notes shows an increase of only $1[illegible] million dollars, whereas the paid up capital, which constitutes the limit of circulation, is $9,284,198 greater. But the statement also shows that during October the banks put [illegible],224,993 more in circulation, to the extent relieving the financial stringency during the month. During the twelve months, ended Oct. 31st, 1906, however, the banks increased their circulation by about six millions.

Again, in the matter of current $53,221 during the month and an increase of $48,841,029 during the twelve months.

Call and short loans in Canada loans in Canada, the amount outstanding by the 31st of October, 1907 was $579,860,498, an increase of $1,- show a decrease of $455,206 during the month and a shrinkage of ten millions during the year. Canadian Banks have $15,211,864 less at loan on call in the United States than on September 31st, while the decrease under this head for the twelve months was $12,590,200. There has also been a decrease during the year of some ten millions in current loans abroad.

The average amount of Dominion notes held by the banks during October was $47,722,328, about the same as during September, but $7,- 351,428 more than the holdings in October, 1906. The reserve of the banks is returned at $69,862,098 an increase of $3,318,304 during the year. In the twelve months ended Oct. 31st, 1906, the banks added nine millions to their reserve.

Deposits by the public, payable on demand in Canada, that is, for current business, amounted to $170,- 198,311 at the end of October, an increase of $1,428,814 during the month, and of nearly eleven millions during the twelve months. Savings depesits are returned at $415,787,- 536, showing a decrease of $4,340,- 071 in the month. The inference is not fair, however, that much of this has been withdrawn for investment in low priced securities. The increase in savings, as compared with October, 1906, is $25,878,- 117. During October the Bank of Montreal loaned $4,811,258 to the government.

ALBERTA FARMER, HOLD YOUR SEED GRAIN:

It is evident that a great many farmers will have to buy seed grain for next year's purposes. It will hardly be possible this year to obtain it in Ontario or any of the other provinces to the east of us. Therefore Alberta must supply herself, in order to do this, grain that is fit for sowing should not be used for other purposes. With a view to preventing a shortage in seed grain next spring, the Wetaskiwin Board of Trade has requested that we join in a movement to secure a supply of seed grain before what is in the province leaves the farmers' hands. The movement is a worthy one and we take pleasure in pledging to it the individual support of the A. F. A. In order to make this movement a success a system of gathering and testing samples and filling orders, will have to be established whereby buyers and settlers will both be protected. This will take a little time but we doubt not it will be made as brief as possible. We have stated that the farmer who is in a position to hold and has good grain, has something worth holding. We wish to emphasize the statement and urge that it be held until every settler is supplied. Next year's crop should be made to suffer as little as possible from the shortcomings of the past season's erratic weather. If the various secretaries and other officers of the A.F.A. will begin now to note the amount of seed grain required in their vicinities in excess of wheat can be supplied or amount on hand in excess of that required, this information can be forwarded promptly when called for. Let every member do a little to this end and much will be accomplished.—W. F. Stevens, Sec. A.F.A.

A CLUB CURFEW

Every family should have a curfew which should positively "ring tonight" and every night if needed. These curfews are inexpensive and can be homemade. Take a piece of siding two feet long and whittle one end down to a handle; then take the child that needs the curfew and bend him over a barrel. Now take the piece of siding in the hand and use it for the clapper. Put it on hot. Divide the strokes evenly and see that none miss. Good for a boy or a girl up to the age of 16, and applications are warranted to cure the most pronounced case of street loafing that exists. The music the curfew makes is finer than singing "Where is my wandering boy to-night.—Ex.

"Trial Catarrh treatments are being mailed out free, on request by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by all dealers.

GAS PRODUCERS FOR ELECTRIC LIGHTING AND ELECTRIC PUMPING FOR WATER-WORKS PLANT.

Paper read by Duncan McEachern, Mayor of the City of Wetaskiwin, at the Union of Alberta Municipalities, at Medicine Hat, September 17th and 18th, 1907:

The introduction of gas engines of large units has brought about the development of an apparatus to produce fuel gas for power purposes at a very low cost. This apparatus is known as a Gas Producer and is divided into two classes according to the manner in which the draft through the material to be gasified is caused by and being forced in from below or by a partial vacuum being created above, the former being called a pressure plant and the latter part suction plant.

The results obtained by either of these plants are most gratifying from a fuel economy standpoint.

In the modern gas producer, which can be installed and operated as readily as a steam boiler, a suitable power gas is generated from practically all kinds of fuel from anthracite to lignite coal, also coke, charcoal, peat, etc.

While the gas producer requires no more attention than a steam boiler, it is considerably higher in efficiency and considerably less dangerous to operate. It utilizes a greater percentage of the heat values contained in the fuel than any other device. The gas produced is much heavier than either natural or coal gases, due to the large percentage of nitrogen it contains. Its specific gravity is over twice that of coal gas and nearly fifty per cent. greater than that of natural gas, and while it is the weakest of the three gases mentioned, yet it is the cheapest. Onepound of coal will produce about eighty-five cubic feet of it against twenty of coal gas. Gas engines require about fifteen to twenty cubic feet of illuminating gas per indicated horse power per hour, or 100 to 125 cubic feet of producer gas; a duty of one horse power for less than one pound of coal has been attained in engines of fifty horse power and over using producer gas, a duty not attained by the best steam engine made.

To give a practical illustration of the reliability of a good producer plant, I might mention that I know of a gas producer that has been running for six years and seven months without having the fire removed once this plant is operating an electric light plant and is practically running twenty-one hours out of the twenty-four.

Steam engines are economical in very large sizes only. The average fuel consumed by steam plants between one hundred and five hundred horse power ranges from four pounds down to two-and-a-half pounds of coal per brake horse power per hour under favorable conditions, but smaller plants consume a greater amount of fuel, ten to twelve pounds per brake horse power per hour being a fair average of a large number under ordinary working conditions. Now with regard to a steam plant this is undoubtedly low, for out of one hundred pounds of coal burned to make steam to run the engine only from six to fifteen pounds actually produce power that can be used; eight pounds is a good average result, the balance of the one hundred pounds being a dead loss. Where does it all go? To start with twenty-two pounds go up the chimney in gas and smoke, five pounds escape in heat which the boiler throws off, one pound or more drops through the grate with the ashes, ten pounds are used up in pumping water into the boiler, fifteen pounds get away in steam after going through the engine, and leaks and heat from engine and pipes use up the rest. An economical steam plant consists not only of boiler and engines, but also a large number of auxiliaries, such as feed pumps, condensers, feed water heaters, economizers, steam traps etc., all of which require time and fuel to operate them; it also requires time and fuel to raise steam on boilers if shut down for any length of time, fires have to be banked while not running, for which there is no return in the form of power.

The combination of modern gas engines and producer even when running in small units, shows a considerably higher efficiency under average working conditions, 20 to 24 per cent of the energy of the gas supplied to the engine is converted into mechanical work. An efficient producer of either the suction or pressure type will waste not more than from 15 to 20 per cent. of the heat units contained in the coal used, or in other words, will deliver in the form of gas 80 to 85 per cent. of the heat units contained in all the fuel used; summed up briefly you may say the producer transmits 80 to 85 per cent. of the fuel energy; the steam boiler 70 to 75 per cent. The gas engine delivers at the shaft 20 to 25 p. c.; the steam engine 6 to 15 p. c.; on a whole the gas plant realizes over 20 per cent., and the steam plant not over ten per cent.; on this showing alone the gas plant could be run on coal costing double that of the steam fuel, and yet as a matter of fact the producer plant can and does utilize fuel much cheaper and of such a low grade as to be entirely disqualified for use as a fuel for efficient boiler working. Though the efficiency of a gas producer and gas engine is higher than that of a steam plant, the fuel consumption of a gas plant of about one hundred horse power will not exceed one and a quarter pounds of coal per b. h. p., and even better results have been obtained in daily practice, and it may be safely stated that the average consumption of coal is never more than one-fourth of a steam plant of the same size. This being an established fact, proved by years of actual practice, explains why gas power is fast coming to the front as a motive power in all branches of industry, such as street railways, electric light and power systems, pumping stations, manufactories of all kinds, hotels, office buildings, country estates, private dwellings and even launches.

In conclusion I would refer to one other material fact that I have overlooked and that is the stand by losses, a very great saving is effected in this particular. The stand by losses of a gas producer should not exceed five per cent. of the total fuel used. The steam boiler cannot come anywhere near this figure.

And now, Mr. Chairman and Gentlemen, this concludes my paper on gas producers. I have tried to make the subject clear, and have avoided all technicalities as far as possible, and yet, if I have not made myself perfectly clear, I shall only be too pleased to answer any questions you may put. I thank you most heartily for the attention you have given me.

WANTED

Wanted, a stalwart man!
The man, who, when he knows the Right,
The same pursues against all Might;
The man who dares to stand alone
For Conscience's sake when hope is gone;
Who dares to leave a beaten path,
And live within the light he hath,
Nor shrinks to strike a deadly blow
At error found in friend or foe:
This is the stalwart man.

Wanted, an honest man!
A man may live within the laws,
Or 'scape their grasp through flimsy flaws,
But he who scorns an action mean,
Is honest where he is not seen,
Nor dares advance at other's cost,
Counts an ill-gotten wealth as lost,
Ne'er grudges each his fullest due,
Whose word an his oath is true:
This is the honest man.

Wanted, a noble man!
Not one who from a favored place
Claims kindred with a worn-out race;
Whose empty titles, ancient name,
Are all his wealth, all his fame;
But one whose usefulness men see;
Though humble may his station be;
For such will bless on every hand
His friend, his home, his native land:
This is the noble man.

Wanted, the broader man!
Untrammeled by a narrow creed
That loves to make its doubters bleed
The man who learns from nature's plan
That man should love his fellowman;
The man whose soul, so deep and true
Embraces all as brothers too:
The man whom none may buy with pelf,
The man delivered from himself:
Such is the needed man.

—Walter A. Ratcliffe.

"A tickling cough from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babies. The wholesome green leaves and tender stems of a lunghealing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the doctor uses, "The Sacred Herb". Always demand Dr. Shoop's Cough Cure. For sale by all dealers.

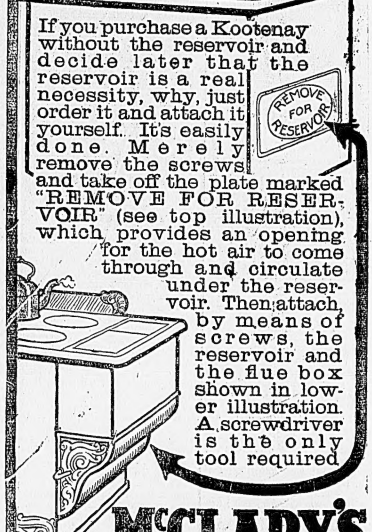

CONSTIPATION.
Although generally described as a disease, can never exist unless some of the organs are deranged, which is generally found to be the liver. It consists of an inability to regularly evacuate the bowels, and as a regular action of the bowels is absolutely essential to general health, the least irregularity should never be neglected.
MILBURN'S
LAXA-LIVER PILLS
have no equal for relieving and curing Constipation, Biliousness, Water Brash, Heartburn, and all Liver Troubles.
Mr. A. B. Bettes, Vancouver, B.C., writes:—For some years past I was troubled with chronic constipation and bilious headaches. I tried nearly everything, but only got temporary relief. A friend induced me to try Laxa-Liver Pills, and they cured me completely.
Price 25 cents per box, or 5 boxes for $1.00, all dealers, or mailed direct on receipt of price.

Kootenay Steel Range

If you purchase a Kootenay without the reservoir and decide later that the reservoir is a real necessity, why, just order it and attach it yourself. It's easily done. Merely remove the screws and take off the plate marked "REMOVE FOR RESERVOIR" (see top illustration), which provides an opening for the hot air to come through and circulate under the reservoir. Then attach, by means of screws, the reservoir and the flue box shown in lower illustration. A screwdriver is the only tool required

PUBLIC MEETING

Notice is hereby given that a Public meeting of the ratepayers will be held in the council chamber on FRIDAY, DECEMBER 6 at 8 o'clock sharp. Business: The discussion of Municipal matters generally. A full attendance of ratepayers is earnestly requested. All candidates for municipal honors are invited to be present.

Duncan MacEachern, Mayor

E. W. DAY THE NOMINEE

Tuesday morning's trains from the north and east brought large numbers into our city, delegations being sent from Strathcona, Leduc, Millet, Hardisty, Strome, Killam, Daysland, Camrose and many other places, to the Conservative convention for the federal constituency of Strathcona, all told there being 147 delegates qualified to represent these towns. O. Bush of Strathcona occupied the chair, and after a few remarks declared the convention ready to receive nominations. It was then moved by Messrs. Simons and Leville that the convention use the nominating ballot and after considerable discussion the motion carried. The result showed the following in nomination: E. W. Day, Dr. Crang, —. Laval, —. Duggan, Simons and Thomas. All withdrawing excepting the two former.

The two nominees were then called upon for addresses which brought much applause from their supporters, each claiming that he would do his utmost in supporting the candidate chosen. The result of the ballot was E. W. Day 80, Dr. Craig 67. Mr. Day's nomination was made unanimous on motion of Dr. Crang and Mr. Thomas. Mr. Day then thanked the convention for placing upon him the honor to be representative of the party in the Strathcona constituency also thanking Dr. Crang for his pledged support, and closed his remarks by saying that every man of the convention should stand shoulder to shoulder and bring all their intelligence to bear for the good of the great cause.

The convention then unanimously passed the following resolutions:

Resolved that the convention place on record its confidence in the Conservative party and its leader, Mr. R. L. Borden, and also its great appreciation of the visit of Mr. R. L. Borden to this riding and its adherence to the platform so ably presented and advocated by him, we the members of this convention unanimously pledging ourselves to do all in our power to elect E. W. Day, our candidate now chosen, knowing that in so doing we will send to Ottawa one who will support him in the great work he is doing for Canada.

COUNCIL PROCEEDINGS

The regular meeting of the city council was held on Tuesday evening with all present except Ald. Olin and Hanna.

Minutes of previous regular and special meetings read and adopted.

Dr. Walker addressed the council at length on the payment of the accounts of Nurse Walsh, Mrs. Sutherland and Dr. Walker.

Mr. J. H. Knight also addressed the council on the matter of payment of his account for drafting building bylaw and preparing blue print for hospital. The matter was thoroughly discussed by all the aldermen present, when it was moved by Chandler—Kelley—That the plans and specifications for general hospital be returned to Mr. Knight.—Carried Unanimously.

It was moved by Montgomery—Gross—That Mr. Knight's account for drafting building bylaw be brought up at next meeting in proper form.—Carried.

The resignation of John Ward as scavanger, to take effect on December 31st, was read. It was moved by Montgomery—Chandler—That the application be accepted.—Carried.

It was moved by Montgomery—Chandler—That an advt. be inserted in The Times calling for applications for the position of scavanger.—Carried.

An account from L. D. Von Iffland for advertising waterworks and sewerage bylaws was read. It was moved by Kelley—Gross—That Mr Von Iffland be notified that this account has been paid.—Carried.

The accounts of Mrs. Sutherland, Nurse Walsh and Dr. Walker, in connection with Miss Stromson, a typhoid fever patient, were again considered, when it was moved by Montgomery—Gross—That these accounts lay on the table.—Carried.

A letter from C. S. Lott re lots in part payment of draining of slough was read. Mr. Lott offered $800 worth in lots and a rebate of $700 on power house site, as soon as $800 worth of work was done on the draining work. It was moved by Montgomery—Kelley—That Mr. Lott be notified that the terms of his offer are acceptable to the council, but work could not be commenced until next spring.—Carried.

Ald. Kelley brought up the matter of Mr. Nunneley having paid excessive taxes. It was moved by Kelley—Chandler—That Mr. Nunneley be refunded $3.30 on account of error in taxation.—Carried.

Meeting adjourned until Thursday evening.

CITY NOTES

W. J. Hagel of Camrose was in the city Monday on business.

J. R. Jenkins of Killam, a printer of many years' experience, was a caller at The Times office on Monday.

John M. Atkinson left on Tuesday morning for the Old Country to eat Christmas dinner with relatives.

Miss Crough, postmistress of Leduc was visiting friends in the city during the week.

*Pretty Calendars with local views in great variety at Stephenson's.

W. Gould, the popular C.P.R. operator at the depot, left Monday on a well-earned vacation. He will visit many places of interest before he returns to his duties.

Jas. Bradley went to Calgary on Monday evening on business.

Many very pretty and novel calendars are being sent out again this season by the business men. The most attractive we have seen were presented by E. T. Williamson and W. J. Stephenson.

The annual meeting of the Wetaskiwin Agricultural Society will be held on Saturday, December 14th, when officers will be elected for the ensuing year, and other important business furthering the welfare of the society will be transacted.

*C. W. S. Harkness, auctioneer. Sales cried at satisfactory commission. Office with Bradley & Nickerson two doors east of Star Store. tf

J. E. Curtis of Vermilion is in the city this week renewing acquaintances and attending to business affairs. Jack is looking well and says that Vermilion is booming.

*Another big shipment of Waterman's Ideal Pens just received at Stephenson's. There is nothing more useful for a Xmas Gift.

The basket social held at Lucas' school house last Friday evening was an unqualified success. A large crowd was present, the program was excellent and the handsome sum of $76.00 was realized. Of this sum $40 is being presented to Rev. Mr. Young of Millet, as a donation towards his new parsonage.

Miss Gertrude Williamson, who has been spending the past ten months the guest of her brother, Mr. E. T. Williamson, left Tuesday morning for her home near Toronto, Ontario. was a faithful member of the Methodist choir, from which she will be During her stay here Miss Williamson greatly missed.

S. A. Soanes of Olds was shaking hands with friends here this week. He reports that his town is growing rapidly.

Come and drink tea with the Japs on Thursday next, Dec. 12th, at Girling's Ice Cream Parlor. Tea served afternoon and evening.

Do not forget the entertainment to be given in the Baptist church this Friday evening by Miss Mae Dickenson and Miss Helen Badgley. These are talented young ladies and their entertainment is strictly first class, "Excelsior" being their motto.

Mr. and Mrs. C. E. Vaughn left on Tuesday evening for Shreveport, Lousiana, where Mr. Vaughn has accepted a lucrative position. They will be greatly missed by their many friends, especially Mrs. Vaughn, whose musical services in connection with the Presbyterian church will be difficult to fill. A large number of friends were at the station to bid them adieu, and to wish them all success in their new home.

*Xmas business is on with a rush at Stephenson's.

Mrs. J. F. Richards, who has been visiting friends at Daysland, returned home on Monday.

At a meeting of the Conservative Association held in Angus Opera House on Monday evening, the following were chosen as the delegates to attending the nominating convention held on Tuesday: E. D. McLaughlin, R. M. Angus, J. F. Fowler, C. C. Bailey, J. A. Kerr, Henry Nelson, N. D. Jackson, L. R. Rix, Albert Wynne, Eph. Girling, F. P. Spencer, Thos. Lake, D. McEachern, W. J. Loggie, Alex. Waterson, Joe Buttler Jack Peterkin, Rufus Armstrong, O. H. Anderson, L. D. Von Iffland, E. Nunnelley, J. W. Nagle, F. E. Kelley.

J. H. Nickerson returned on Saturday evening from his trip across the line. He says he is glad to get back to Sunny Alberta, as he had no idea times were so hard in the States. There is little or no money in circulation and in many cases the banks cannot cash drafts. He brought back with his one of the finest and fastest horses that money can buy, and he expects next year to make them all take dust.

Miss Lannan, former teacher of the Sacred Heart Separate School here, was renewing acquaintances in town this week.

W. M. Orr left on Tuesday for B.C. where he will spend the winter.

Christmas will be here in less than three weeks.

The City Coal Company have opened an office in the building first door south of the post office, where they will be pleased to show samples of their coal and take orders. W. E. Bristow is the manager. See their advt. in this issue.

The Central Alberta Stock Growers Association are to have their next meeting at Innisfail on December 10. C. P. R. will give convention rates, but everyone must get Standard Certificates when securing tickets at the starting point.

Dr. Schreifels, of Minnesota, is in town the guest of his brother and renewing acquaintances.

Anson Mattson, who has spent the past several months in B. C. and Washington, returned home last week.

The C. P. R. is taking advantage of the fine weather by having a large gang of men employed at this point. The work on the new station and water tank are assuming large proportions.

DISCOUNT DATE EXTENDED.

At a meeting of the city council held on Friday evening last, it was unanimously agreed to extend the date of discount on payment of taxes from November 30th to December 15th. This action will no doubt be appreciated by a large number of the taxpayers.

CHURCH CHIMES

The Scandinavian Baptist churches of Alberta will representatively gather in Wetaskiwin on Friday of this week at 2.30 in the afternoon for a missionary conference to continue over Sunday. The meetings will be held in the church on east side of track. Many pastors and representatives are expected to attend and important business will be discussed. The public is cordially invited to attend.

Rev. Mr. Bergen has just returned from a trip to Edmonton in the interests of Scandinavian Baptist Missions.

Rev. J. Bruce, B. A., of Olds, will conduct both services in the Methodist church next Sunday.

Don't forget the concert given in the Baptist church this Friday evening by Misses Dickson and Badgley.

If you don't know what to get for a lady or gentleman friend as a Christmas gift go to the Willing Workers' Bazaar in Girling's Ice Cream Parlor on Thursday next, 12th December, and you will be sure to find the article to suit your purpose.

An entertainment will be given under the auspices of the Methodist church during Xmas week. A very interesting program is being prepared and much time is being given to render it especially interesting. Miss Mackie, Graduate of The Chicago School of Oratory, is training the young people in a number of costume songs, poses and character sketches. The following is a cutting taken from the Winnipeg Free Press, regarding a recital given by Miss Mackie in that city a short time ago: "Hundreds could not gain admission to hear Miss Mackie's pupils last evening. Every inch of standing room was filled, and at last the crush became so great the doors were obliged to be locked. Though there were many numbers on the program, yet each number was so well executed and the work of the pupils so artistic, that the evening was most enjoyable and there was not a dull moment throughout. Too much cannot be said of the ability of this young teacher. She has proven herself to be a hard conscientious worker as was shown last evening. Each pupil acquitting herself in a manner that does credit to Miss Mackie. Those who were unable to obtain admission will have the pleasure of hearing Miss Mackie's pupils at another recital in the near future."—Free Press.

THE WETASKIWIN NOMINATIONS

Monday last was nomination day and proved to be an exciting time for some of the citizens. Contrary to expectations an opponent to His Worship Mayor MacEachern presented himself, and seven names were properly placed in nomination for the Aldermanic chairs, of which there are two to fill. For public school trustee there are four in the field with two to elect. The following are the names placed in nomination:

Mayor:

D. MacEachern
J. C. McKay

D. MacEachern however has refused to allow his name to go before the ratepayers for re-election, therefore Mr. McKay is elected by acclamation. Mr. McKay was mayor during the years 1904 and 1905 and proved himself to be a good executive office.

For Aldermen

A. W. Anderson
John Bleter
T. O. Feland
A. G. Gross
H. J. Montgomery
E. H. O'Brien
Geo. Pollock

Four are to be elected from the above, who with Messrs. E. E. Chandler and F. E. Kelley, who occupy seats on the board for the ensuing year, will form the council for 1908.

Public School Trustees

C. E. Compton
A. R. Dickson
H. C. R. Walker
E. D. Wilkins

There are two vacancies on the Alexandra school board to be filled. The members who hold office during the coming year are Messrs. J. F. Fowler, O. H. Anderson and J. F. Ellis.

There were no nominations made to fill the two vacancies on the Sacred Heart Separate School Board.

The election will be held in the city hall on Monday next from the hours of 9 o'clock a. m. to 5 o'clock p. m.

*When the stomach, heart or kidney nerves get weak, then these organs always fail. Don't drug the stomach, nor stimulate the heart or kidneys. That is simply a makeshift Get a prescription known to druggist everywhere as Dr. Shoop's Restorative. The restorative is prepared expressly for these weak nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablet or liquid—and see how quickly help will come. Free sample test sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test.
